SOME OBSCURE CASES OF EYE

STRAIN.
A geutleman aged 50, health good, fine physique, presented a history of eye-headaches extending over a period of 15 years, which had failed up to that time to yield to glasses presembed by different opticians and occulists. He had provided to the evening for several to recommend the evening for several to result the work of the control of the control evenination showed that the biforal glasses he was then weath. A careful examination showed that the biforal glasses he was then weather could not be imshowed that the bifocal glasses he was then wearing could not be improved on so far as his vision was concerned; but on further examination it was discovered that there was a decided weakness of the internal recti-muscles, which are used so much for reading or closs work. A prism of sufficient power to give proper balance to these muscle was combined with similar lenses to give proper balance to these muscles was combined with similar lenses to those he was using. Ten months have passed and results are all that could be desired. He reads in the ovenings as he used to do years ago and says that not only has his head-sche disappeared, but that he is more comfortable in every way. Consultation Free. Charges Moderate.

## Only the Best Sugar Makes the Best Preserves

Does all sugar look alike to you? It isn't, you may be sure. One

Sugar is sugar, but it is not sugar when it is something also. And, also, for the weakness of money-making mortals, it is sometimes something also

One sugar differs from another in what it is made of. One sugar made from sugar-case differs from another made from sugar-beets. One sugar differs from another in purity and wholesomeness. Sugar can be made clean like any other food product. And, as it is almost the COMMONEST thing we est, sugar ought to be about the CLEANEST thing we cat.

St. Lawrence Granulated Wogar meets the exacting requirements of

Dr. Milton L. Hersey, the Government Analyst, in a recent careful and impartial analysis, reports St. Lawrence Granulated Sugar to be 90 and 95-100 to 100 per cent. PURE CANE SUGAR, WITH NO IM-PURITIES WHATEVER.

This season promises to be a good one for berries and other fruits-the season to get them of good quality and cheap to preserve.

Your home-made preserves are by far the best, and you know all about their real goodness, if you select the fruit and the sugar with equal

The best fruit and St. Lawrence Granulated Sugar, with your skill preserving, will stock you finely for the coming winter. And don't simply order "some sugar" from the grocer, letting him send you some nameless, ordinary sugar.

Get sugar with a NAME. GET ST. LAWRENCE GRANULATED SUGAR, in 20 lb. cotton bags, with the name on it, to guarantee the brand, the full weight, and the cleanliness of the sugar itself.

When you buy it in bulk, scooped out of a barrel, you can't be sure of all these important points in your sugar.

#### The Twelfih

This memorals anniversary which secured liberty of conscience to every British subject, was celebrated in every part of the Dominion yesterday with great unanimity and celat. In the country, in which there are about 40 Lodgw, the day was homored as became members of the Order.

In Montreal on Sunday, the Breth-ren, some 300 strong, marched in full fegala to church, and on the 12th, enjoyed themselves by attending a picnic at Huntingdon. It is gratify-ing to note not a word of discorfor interference with the procession took place. All classes are learning to respect the opinions and convictions of their fellow men. This is well.

In Toronto, report says, over 5,000 Orsancemen were in the procession and that it wasthboat doubt the best parade that has been held bere in years, the nunerous bands, the lodge benears and bright uniforms affect, the same of the lodge serving bricos and certain of the lodge serving to make a pretty spectacle.

of the lodges serving to make a pretty repectacle.

Winnipeg, Rt. John, N.B., London, R. Kingston, Oltars and score of other cities and towns celebrated the day in a becoming manner.

So another 21th of July has passed over, without the slightest disturbance in flay part of the Dominion, so far as heard from

Plaster portraits are the fashionable form of "counterfelt presentment". In London. They are done in the form of minjature busts or bases— left. Maybe it would better pleasage them mostly interested if the Rog-cost Gallery were made up of natty little busts instead of photographs.

Mr. James J. Jeffries has amounced definitely that he will not enter the ring with Mr. J. A. Johnson. The grand old gladiator is probably now deviation a plan placeby he can retund to the robbit \$50,000 tiven him under the impression that he was going, as De anis, to Chold the automator of the white race.

While Thaw's relatives are trying in New York to prove the sanity, his creditors in Pennsylvania allege that he is incare. If the two proceedings ever clash, there will be an inter-esting mix-up.

The police order that white women shall not be employed in Chinase laundries is only the passing reflection of a solitary tragedy. Probably it is as sare for white women to associate with Chinamen as with men of their own color.—Buffalo Ex-

The Crops for 1909.

A contemporary aummarizes the crop-prospects for 1009 as follows:
Interest in the crop situation accumulates. July wheat jumps sore ents in Chicago because the delayer arrest in the Southwestern State harrest in the Southwestern States will make it discust for certain large apeculators to find the grain which they have contracted to deliver this month. From Europe comes the babled information that crops are very backward, Russia being the only country with a good outlook. Great Britain, France, Germany and Hungary send out unfavorable reports. The Argentine Republic is still afflicted with drouth.

# Only the Best Sugar Makes The Best **Preserves**

Does all sugar look alike to you? It isn't, you may be sure. One sugar differs from another sugar in aweetness.

Sugar is augar, but it is not augar when it is something else. And alas, for the weakness of money-making mortals, it is sometimes some

One augar differs from another in what it is made of. One sugar-made from sugar-cane differs from another made from sugar-bests.

And your preserves, which you want to be the very best, a best of sugar.

St. Lawrence Granulated Sugar meets the exacting requithe best preserves.

Dr. Milton L. Hersey, the Go vernment Analyst, in and impartial analysis, reports St. Lawrence Granulated Sugar to be 39 and 99-100 to 100 per cent. PURE CANE SUGAR, WITH NO IMPURITIES WHATEVER.

This season promises to be a good one for berries and other fruit just the season to get them of good quality and cheap to preserve. . Your home-made preserves are by far the best, and you know all about their real goodness, if you select the fruit and the sugar with equal

The best fruit and St. Lawrence Granulated Sügar, with your skill in preserving, will stock you finely for the coming winter. And don't simply order "some sugar" from the grocer, letting him send you some nameless, ordinary sugar.

Get sugar with a NAME. GET ST. LAWRENCE GRANULATED SUGAR, in 20 lb. cotton bags, with the name on it, to guarantee the brand, the full weight, and the cleanliness of the sugar itself.

When you buy it in bulk, scooped out of a barrel, you can't be su of all these important points in your sugar.

You save money by this and get better, cleaner sugar. Try it and see!
Then you'll be sweet enough to thank us fo telling you all about this
matter.

If your grocer cannot supply you with these 20-th, bags, send his me and address to the St. Lawrence Sugar Rafining Co. Ltd., arteal, and they will tell you where it can be obtained.
